

SERENITY by VEOTHERM

Imagine a future with serenity

THE ALL IN ONE HEAT PUMP

HVAC
HEATING
AIR CONDITIONING
POOL / SPA HEATING
DOMESTIC HOT WATER
THERMAL ENERGY STORAGE
EXTRA TAKE OFF FOR HEATED
TOWEL BAR

Compatible with all types of heating/
cooling transmitters (radiators,
fan coil units, in-floor heating)...

SERENITY by VEOTHERM is unique
and revolutionary, for an all in one
thermodynamic solution.

Extreme
temperatures
from **-35°C**
to **+55°C**

Thermal
power ranging
from **3 kW**
to **1200 kW**

Low sound
level starting
from **41** dBA

Energy
savings
from **50 %**
to **75 %**

Patented
system

Mail: contact@veotherm.com

Designer and fabrication of
HEAT PUMPS

SERENITY
by VEO THERM
Imagine a future with serenity

Live differently to preserve the world of tomorrow

Present in all sectors of activity to provide economic, environmental and high-performance solutions

**COLLECTIVE HOUSING – RESIDENTIAL
INDUSTRIAL – HEALTH REGION
AGRICULTURE – HOSPITALITY
WINE INDUSTRY – POOLS / SPAS**

Heat pumps of the range

SERENITY by VEO THERM

 **Simultaneous production**

Air conditioning/heating/domestic hot water/heated towel bar/pool heating/HVAC

 **Energy transfer**

Take advantage of hot water at no cost while serenity is in cooling mode.

 **The Veotherm advantage**

Domestic hot water up to 90°C

Functions between – 35°C and +55°C

COP of 4,6 (W35 A7) and 2,58 (W45 A-15)

Low noise pollution starting from 41dB(A)

No carbon emissions or particulates.

Autonomous management of your energy needs in **V-SOLAR** versions

Thermal energy storage

Not one single electric al element

 **Efficiency**

3-1200 kW of thermal energy adapted to your needs

Easy and rapid installation

Exceptional return on investment

**Patented
system**

HIGHLY EFFICIENT LEADING EDGE

**Designer and fabrications of
HEAT PUMPS**
